KITCHEN AND BATH COLLECTIONS

FLAT COLLECTION

The Flat Collection blends versatility and style, allowing you to choose external handles that best suit your decor. With a timeless design, these cabinets offer a balanced and elegant look, becoming a key element in any modern space.

Thanks to their frameless structure, these cabinets provide more flexibility in organization and optimized internal space usage. The freedom to choose details such as handle styles and finishes lets you personalize every aspect according to your preferences.

For those who want to combine functionality and personality, the Flat Collection is the perfect choice to create a sophisticated and exclusive environment.

KITCHEN AND BATH COLLECTIONS

GOLA COLLECTION

Discover the sophistication and functionality of the Gola Collection, designed to offer a modern and minimalist aesthetic. With a handle-less opening system, these cabinets create a seamless and elegant look, enhancing smooth lines and a refined finish.

The frameless structure allows for efficient space utilization, providing greater storage capacity and customizable organization. Additionally, this style of cabinetry ensures practicality in daily use while keeping your kitchen visually clean and contemporary.

Ideal for those seeking innovation and refined design, the Gola Collection transforms your kitchen into a functional and stylish space.

KITCHEN AND BATH COLLECTIONS

SLIM SHAKER COLLECTION

This door style is clean and sophisticated. It is perfect for those who want something a bit more detailed than a flat Slab door, while being lighter than traditional shaker.

The narrow shaker detail gives it a touch of modern styling while maintaining a classic feel. Another factor influencing its popularity is due to the growth in popular design styles such as Mid-Century Modern, Boho Chic, and Organic Modern. With the growth of these styles, the micro shaker has found its place.

WATER DAMAGE PROTECTION

Flood Defense and Height Adjustment: Our PVC legs with adjustable height offers proactive water damage protection. Unlike traditional cabinets that suffer complete damage, ours need only a single finish replacement for long-term durability.

THE BEST MOTION TECHNOLOGIES

Our cabinets feature advanced soft close technology on drawers and doors, providing gentle and silent closing. Say goodbye to noisy and slammed cabinets. Experience a new level of convenience.

UNDERMOUNT DRAWER SLIDES

Our cabinets feature invisible slides, ensuring a sleek and modern look. With no visible hardware, they create a cleaner and more sophisticated design. Enjoy smooth, silent operation with enhanced durability for everyday use.

ENDLESS CUSTOMIZE POSSIBILITIES

Choose from various colors, finishes, and heights, and customize every detail, from glass doors and LED-lit panels to minimalist frameless fronts. Our modular designs integrate seamlessly into any space, featuring premium accessories.

3/4 PLYWOOD BOXES

Our 3/4 plywood boxes provide superior durability, moisture resistance, and structural stability, making them the ideal choice for long-lasting cabinets. Designed for strength and premium aesthetics, they ensure a solid foundation for your kitchen or bathroom while maintaining their quality over time.

PARTICLE BOARD BOXES

For a more budget-friendly option, our particle board boxes offer a cost-effective solution without compromising style. Perfect for those seeking affordability, they provide a smooth finish and seamless integration with various cabinet designs, delivering great value for your space.

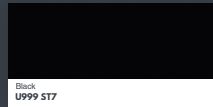

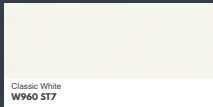

OUR CABINETS FEATURES
