All values are expressed as average price per linear foot, already considering a 60% Gold Dealer Discount.

HOW TO USE THIS MATRIX

- Choose the cabinet type (Base, Wall or Tall).
- Select the desired finish tier (1–6).
- Multiply the corresponding price by the total linear footage for that specific cabinet type.

IMPORTANT NOTES

- All average pricing shown in this document is based on European style cabinetry, including frameless construction, flat slab doors, soft close hardware on all drawers and doors, and undermount slides.

- Linear footage pricing for base cabinets

Based on one drawer and swing door base cabinets in standard widths from B9 to B42, in 3 inch increments, including two side panels and toe-kicks.

- Linear footage pricing for wall cabinets

Based on 42 inch tall swing door wall cabinets in standard widths from W9 to W42, in 3 inch increments, including two wall panels and 3 inches flat crown moulding.

- Linear footage pricing for tall cabinets

Based on 96 inch tall pantry modules with shelves and swing doors in widths 18, 24, 30, 33, and 36, and 96 inch tall double oven pantry modules in widths 30 and 33, including two side panels, 3 inches flat crown moulding, and toe-kicks.

- Construction Materials

All cabinetry boxes are constructed with high-quality plywood.

Cabinet fronts vary by collection and may be manufactured in MDF or MDP, depending on the selected door style and finish.
